Good morning,

Erin, thank you for the notice regarding the tonight's ad hoc meeting and sending a copy of the agenda/presentation.

Lalit, thank you for the follow-up voicemail.

After discussing with Bryant and based on the fact that no new information will be presented tonight, we will not be in attendance.

We have penciled in the next meeting that is scheduled for November 2<sup>nd</sup> and at this time one of us do plan to attend that evening.

Best regards,

Doug –

City Council passed a resolution that a Stakeholder Group be created to give input to City staff during the development of the update to the Long Term Control Plan. Over the past couple of weeks nominations were reviewed, letters of appointment sent and the first meeting was scheduled. The meeting is tomorrow night at City Hall. It will basically cover what has already been covered in the first two public meetings, so no new information. Attached are the materials for the first meeting, including what is being presented.

Let me know if you have any questions or would like to discuss further.

Thanks,  
Erin Bevis-Carver, P.E.
